## PAC2 PHASE 2 - ACTIVITIES & OUTPUTS

The port of Calais will carry out a (small – budget: 12 700,00 € excl VAT) study to know how the port can facilitate the logistical management of the waste scrubbers.

The various solutions, the equipment (if necessary) and the concerned costs will be studied.

- Beginning of April 2015: launching of the tendering process
- End of April 2015: choice of the bidder (deadline of the bids is set for 17/04)
- June 2015/beginning of July 2015 : study completed
  
- An english translation of the study will be available for partners.
